Enjoy Cozy, Safe, Legal Rides

Taxi was once the only way to provide point-to-point transportation. The emergence of Uber has sprouted ride-hailing. However, white cards (Pak Pai) is illegal car hire service in Hong Kong, and such illegal activity renders accident insurance voidable. Trip Link Ltd., a member firm of I-Access Group, and its subsidiaries operate lawful rental car services, protecting passengers with standard accident insurance. Vehicles used are of Mercedes-Benz or similar brands, adding luxury and comfort to the trip.
